

International Students Survey

Dear international HSE student,

You are invited to participate in a research study designed to learn about the factors that influenced the decision of international students to study in Russia. We also want to inquire about your future plans after you have graduated from HSE.

This survey should take about 5 -10 minutes to complete. Please, be assured that the information you give us will be handled confidentially. The results will help us to improve HSE's understanding of and relation to international applications and students.

This study is conducted by Gabriel Agbesi Atsytot, a graduate student of the MA program in "Comparative Social Research" at the Faculty of Social Sciences. If you have any questions regarding this survey, please, write to gatsytot@gmail.com.
